About Dairymark.com

Dairymark.com is a division of Shainwright Consulting and Research Group Pty Ltd, and is a specialist dairy industry intelligence and consulting organization. The company has completed numerous strategic, market and business development dairy research assignments for Australian and international clients, including dairy companies, dairy industry associations, dairy industry supply companies, and government bodies. Recent examples include:

- Soy versus dairy protein – a review of health and physico-chemical properties
- Review of key indicators of dairy farm performance in Australia
- Bangladesh dairy market study
- An overview of global dairy supply & demand
- A longitudinal dairy pricing study
- A strategic review of dairy industry patent activity
- A strategic review of dairy R&D activity
- A strategic review of trends in whey permeate utilization
- A study of the Australasian dairy industry
- Strategic research identifying trends and opportunities in Asian feed markets for dairy ingredients

In addition, the company has published an expanding portfolio of multi-client reports, including:

- Milk ingredients – a strategic review of opportunities and applications in the oral care industry
- Dairy carbohydrates – a strategic review of opportunities and applications
- Dairy permeates – a strategic review of opportunities and applications
- Buttermilk solids – a strategic review of opportunities and applications
- Colostrum – a strategic review of opportunities and applications
- Global ice cream industry – strategic market, international trade & production review
- Dairy ingredients – a strategic review of opportunities and applications in the cream liqueur industry
- Galacto-oligosaccharides – a strategic review of opportunities and applications
- Dairy spray drying in Oceania – industry, company & plant profiles
