About Dairymark.com

Dairymark.com is a division of Shainwright Consulting and Research Group Pty Ltd, and is a specialist dairy industry intelligence and consulting organization. The company has completed numerous strategic, market and business development dairy research assignments for Australian and international clients, including dairy companies, dairy industry associations, dairy industry supply companies, and government bodies. Recent examples include:

- Soy versus dairy protein – a review of health and physico-chemical properties
- Review of key indicators of dairy farm performance in Australia
- Bangladesh dairy market study
- An overview of global dairy supply & demand
- A longitudinal dairy pricing study
- A strategic review of dairy industry patent activity
- A strategic review of dairy R&D activity
- A strategic review of trends in whey permeate utilization
- A study of the Australasian dairy industry
- Strategic research identifying trends and opportunities in Asian feed markets for dairy ingredients

In addition, the company has published an expanding portfolio of multi-client reports, including:

- Milk ingredients – a strategic review of opportunities and applications in the oral care industry
- Dairy carbohydrates – a strategic review of opportunities and applications
- Dairy permeates – a strategic review of opportunities and applications
- Buttermilk solids – a strategic review of opportunities and applications
- Colostrum – a strategic review of opportunities and applications
- Global ice cream industry – strategic market, international trade & production review
- Dairy ingredients – a strategic review of opportunities and applications in the cream liqueur industry
- Galacto-oligosaccharides – a strategic review of opportunities and applications
- Dairy spray drying in Oceania – industry, company & plant profiles

More information on Dairymark.com, its capabilities, experience, geographic coverage and multi-client reports is available on the company website – visit at www.dairymark.com

Table of Contents

1. Executive Summary and Strategic Synopsis	1
1.1. A strategic precursor to the report	1
1.2. Executive summary.....	4
2. Lactose	6
2.1. Lactose – an overview	6
2.2. Properties of lactose	7
2.3. Lactose - preparation from whey permeate	8
2.4. Lactose preparation from whey	10
3. Trends in global lactose production	12
3.1. Overview of lactose feedstock trends	12
3.2. Projected future global supply of lactose	13
4. Global Lactose Trade – Export Data.....	16
4.1. World overview	16
4.2. United States – lactose export data	17
4.3. EU-27 – lactose export data	18
4.4. New Zealand – lactose export data	19
4.5. Australia – lactose export data	21
4.6. Canada – lactose export data	22
4.7. India – lactose export data.....	23
4.8. Ukraine - lactose export data	25
4.9. Argentina – lactose export data	26
5. Global Lactose Trade – Import Data.....	27
5.1. World overview	27
5.2. Japan – lactose import data.....	29
5.3. China – lactose import data	30
5.4. Mexico – lactose import data	31
5.5. South Korea – lactose import data	32
5.6. EU-27 – lactose import data	33
5.7. Thailand – lactose import data.....	34
5.8. Indonesia – lactose import data	35
5.9. Philippines – lactose import data	36
5.10. Singapore – lactose import data	37
5.11. South Africa – lactose import data	38
5.12. Vietnam – lactose import data	39
5.13. Brazil – lactose import data.....	40
6. Dairy Permeates	41
6.1. The source & composition of dairy permeates	41
6.2. Utilisation of dairy permeates – dairy permeate powder	42
6.3. A traditional approach to dairy permeate drying.....	44
6.4. Proprietary approaches to dairy permeate drying	44
6.5. Modifying the traditional approach to dairy permeate drying.....	45

7. Fonterra Lactose/Mother Liquor Processes	47
7.1. Background	47
7.2. Kapuni site	47
7.3. Clandeboye site	49
7.4. Edendale site	52
7.5. Stirling site	54
8. Lactose – Supply, Utilisation and Applications	57
8.1. Global lactose supply	57
8.2. Physical attributes of lactose – an applications perspective	58
8.3. Key sector applications	60
9. Lactose as a Feed Ingredient	61
9.1. Industrial grade lactose	61
9.2. Lactose in piglet diets	61
9.3. Variability in whey	62
9.4. Alternatives to dried whey – Foremost Farm’s approach	63
9.5. Economic analysis – piglets consuming lactose	64
10. Mother Liquor as a Commercial Feed Opportunity – the Fonterra Experience	66
10.1. Proliq from mother liquor	66
10.2. Composition of Proliq	69
10.3. Farm set-up	71
10.4. Proliq versus alternative feed systems for dairy calves	72
10.5. Fonterra’s Proliq delivery & price arrangements	73
11. The Brazilian Lactose Market – Feed & Other Applications	74
11.1. Market size	74
11.2. Suppliers to the market	75
11.3. Lactose exporters supplying to Brazil	76
11.4. Lactose applications in Brazil – feed and other applications	77
12. Lactose as a Pharmaceutical Ingredient – An Excipient Perspective	82
12.1. Utilisation of pharma grade lactose	82
12.2. Functional properties of excipients	82
12.3. Granulation	84
12.4. High-functionality excipients	84
12.5. Development of new excipients	85
12.6. Co-processing of excipients	86
12.7. Lactose as an excipient	87
13. The Pharmaceutical Industry in India	90
13.1. India - lactose supply	90
13.2. Overview of the Indian pharmaceutical industry	90
13.3. Production	91
13.4. The API sector	92
13.5. Leading pharmaceutical companies	93
13.6. Trans-nationals in India’s pharmaceutical industry	94
13.7. Contract research & custom manufacturing services	96
13.8. Overview of major players	97

14. Lactose as an Ingredient in Infant Formula	99
14.1. Lactose demand in the global infant formula industry	99
14.2. Breast milk versus infant formula.....	102
14.3. Carbohydrates in infant formula.....	105
14.4. Enteral carbohydrate assimilation.....	106
14.5. Fortified human milk for premature infants	108
14.6. Manufacture of infant formula	110
14.7. Comparison of various infant formulas – composition & key attributes	111
14.8. Infant formula – a CODEX perspective.....	118
15. The South Korean Lactose Market – Infant Formula Applications	120
15.1. Market size.....	120
15.2. Suppliers to the market.....	121
15.3. South Korea’s infant formula industry.....	122
15.4. Maeil Dairy Industry Co., Ltd	124
15.5. Namyang Dairy Products Co., Ltd	125
15.6. Pasteur Milk Co., Ltd.....	128
16. Lactose in Food Applications	130
16.1. Lactose and other carbohydrates – a food ingredient perspective.....	130
16.2. Lactose – a nutritional perspective	133
16.3. Lactose – food system applications.....	133
16.4. Lactose seeding.....	136
17. Lactose, Permeates & Retentates for Standardization	137
17.1. Standardization – a common dairy industry practice	137
17.2. Protein adjustment for SMP manufacture.....	137
17.3. CODEX perspective on standardization	140
17.4. Protein adjustment for SMP manufacture – downstream rheological properties	141
18. Recent Research Studies – Lactose	143
18.1. Research study - lactose crystal structure & crystallisation.....	143
18.2. Research study – sorption behaviour of lactose & MPC mixtures	144
18.3. Research study – understanding lactose behaviour during storage by monitoring surface energy change using inverse gas chromatography	146
18.4. Research Study – Mechanical Surface Modification of Fine Lactose Particles.....	147
18.5. Research study – dust explosion protection in fine grinding & drying of lactose & casein	148
18.6. Roller compaction of anhydrous lactose and blends of lactose with MCC.....	150
19. Company Profile – ABF Ingredients	152
19.1. Corporate overview.....	152
19.2. Protient Inc.....	153
20. Company Profile – Agropur Cooperative	154
20.1. Corporate overview – Agropur Cooperative	154
20.2. Ingredient operations	156
21. Company Profile – Alpavit Käserei Champignon Hofmeister	158
21.1. Corporate overview.....	158
21.2. Lactose & other dairy ingredients	159

22. Company Profile - Arla Foods	161
22.1. Corporate overview.....	161
22.2. Arla Foods lactose brands.....	165
22.3. Variolac 960 – a non-hygroscopic lactose substitute.....	167
22.4. Biolac.....	168
22.5. Danmark Proteins.....	168
22.6. Strategic relationships.....	169
23. Company Profile – Armor Protéines	171
23.1. Corporate overview.....	171
23.2. The dairy ingredients business.....	171
24. Company Profile – Artax AG	174
24.1. Corporate overview.....	174
24.2. Lactoprot Deutschland GmbH.....	175
24.3. Prolactal GmbH.....	176
25. Company Profile – Bayerische Milchindustrie	177
25.1. Corporate overview.....	177
25.2. BMI’s lactose business.....	179
26. Company Profile – DMV-Fonterra Excipients	181
26.1. Corporate profile.....	181
26.2. DMV-Fonterra Excipients R&D.....	182
26.3. DMV-Fonterra Excipients pharmaceutical excipient range.....	183
27. Company Profile – First Milk Ingredients	189
27.1. Corporate overview.....	189
27.2. First Milk lactose powder.....	190
28. Company Profile – Fonterra Co-operative Group	192
28.1. Corporate overview.....	192
28.2. Fonterra manufacturing.....	194
28.3. Fonterra’s global alliances.....	197
28.4. Fonterra’s lactose business.....	201
29. Company Profile – Glanbia plc	207
29.1. Corporate overview.....	207
29.2. Glanbia’s lactose business.....	209
30. Company Profile – Hilmar Ingredients	210
30.1. Corporate overview.....	210
30.2. Hilmar Ingredient’s lactose business.....	210
31. Company Profile – Lactalis Ingredients	212
31.1. Corporate overview.....	212
31.2. Lactalis Ingredients lactose range.....	213
32. Company Profile – Lacto Serum France SA	214
32.1. Corporate overview.....	214

33. Company Profile – Lactose (India) Limited.....	216
33.1. Corporate overview.....	216
33.2. Product specifications.....	217
34. Company Profile – Leprino Foods.....	219
34.1. Corporate overview.....	219
34.2. Leprino Foods’ lactose business	220
35. Company Profile – MEGGLE BG Food Ingredients	222
35.1. Corporate overview.....	222
35.2. MEGGLE Business Group – Food ingredients.....	223
35.3. MEGGLE Business Group - BG Excipients & Technology.....	224
36. Company Profile – Milkaut.....	238
36.1. Corporate overview.....	238
36.2. Milkaut production facilities.....	239
36.3. Milkaut ingredient product range	240
36.4. Milkaut international markets	241
37. Company Profile – Murray Goulburn Co-operative	243
37.1. Corporate overview.....	243
37.2. Murray Goulburn’s dairy ingredients/dairy nutritionals businesses	245
37.3. Murray Goulburn lactose production.....	247
38. Company Profile – Royal FrieslandCampina.....	249
38.1. Corporate overview.....	249
38.2. Friesland Foods Domo – lactose business.....	251
39. Company Profile – Sheffield Pharma Ingredients	256
39.1. Corporate overview.....	256
39.2. Sheffield Pharma Ingredients lactose business.....	257
39.3. Global strategic alliance with Foremost Farms.....	257
40. Company Profile – United Dairymen of Arizona.....	259
40.1. Corporate overview.....	259
40.2. United Dairymen of Arizona – lactose specification	260
Appendix 1: CapsuLac 60 Product Specification.....	261
Appendix 2: MicroceLac 100 Product Specification	262
Appendix 3: FlowLac 90 Product Specification	263
Appendix 4: Tablettose 80 Product Specification.....	264
Appendix 5: GranuLac 200 Product Specification	265
Appendix 6: InhaLac 230 Product Specification	266
Appendix 7: SpheroLac 100 Product Specification	267
Appendix 8: PrismaLac 40 Product Specification.....	268
Appendix 9: Hilmar Lactose Product Specifications	269
Appendix 10: Comparison of market values for sweet whey versus WPC-34/lactose combinations	277
Appendix 11: Sheffield Pharma Ingredients – Excipient Product Range	280

Appendix 12: Premature Infant Formulas, HMF – Nutrients per 100g	288
Appendix 13: Premature Infant Formulas, Pre-term Infant Formulas – Nutrients per 100g	289
Appendix 14: Premature infant formulas, post-discharge formulas – nutrients per 100g	290
Appendix 15: Term Infant Formulas from Mead Johnson – Nutrients per 100g	291
Appendix 16: Term Infant Formulas from Nestlé – Nutrients per 100g	292
Appendix 17: Term Infant Formulas from Ross – Nutrients per 100g	293
Appendix 18: Term Infant Formulas, Housebrand Formulations – Nutrients per 100g	294
Appendix 19: Term Infant Formulas, Soy-based Formulations – Nutrients per 100g	295
Appendix 20: Term Infant Formulas, Soy-based Formulations, cont. – Nutrients per 100g	296
Appendix 21: Term Infant Formulas, Protein Hydrolysate & Amino Acid-based – Nutrients per 100g	297
Attachment 1: EU Review and Determination – Campina/Fonterra Co-operative Group Joint Venture.....	298

List of Figures
